Press Release

On 04/19/2016 Deputies with the Bates County Sheriff's Office observed a female subject at Casey's in Adrian to be driving erratically when pulling in to the parking lot. The Deputy observed the female to appear as if she was under the influence of narcotics while at the convenience store. The female subject then left the Casey's parking lot when the Deputy initiated a traffic stop on the vehicle the subject was driving. The female was acting erratically and appeared to be under the influence of narcotics while operating the vehicle.

Upon obtaining consent to search the vehicle, the Deputy recovered a pen casing with a white powdery substance inside which tested positive for methamphetamine. The subject also had narcotics on her person which was recovered as well. The female was taken to Bates County Jail where a warrant is expected to be issued. More information will be made available when formal charges are filed.
