On December 3, 2016 a Deputy responded to County Road 7001 in Amoret, MO to take a theft report.

The reporting party stated that they were gone from their residence for about 5 hours that evening. When they returned they found tire tracks that led to their barn. They found that there were 9 cases of Moon Travel bottle rockets missing from their barn. He believed that it could possibly have been teenagers that took them because nothing else was stolen from the barn.

The cases of bottle rockets have a serial number of 43F277/091/11 and an item number of 0440S located on them. They are valued at approximately \$450.00.
