On October 16, 2016 a Deputy was dispatched to a residence on Railroad St in Hume, MO to take a burglary report.

The reporting party stated her Mother woke her up around 6:30 that morning and said that someone had entered their home and had stolen some of their electronics from their living room. There were not any signs of forced entry to the residence nor had they observed any suspicious vehicles or people in their neighborhood. The victims provided a list of electronics that were stolen that included a WII U Game Pad, controllers and 10 games. There was also a Laptop, tablet and a cell phone. All of their prescription medications had also been stolen from their residence.
